Document de review si planificare

Pentru aceasta etapa am realizat tot ce ne-am propus. Am adaugat mai multe detalii la profilurile fiecarui utilizator. Am terminat de implementat sistemul de rețete, precum și sistemul de programări.

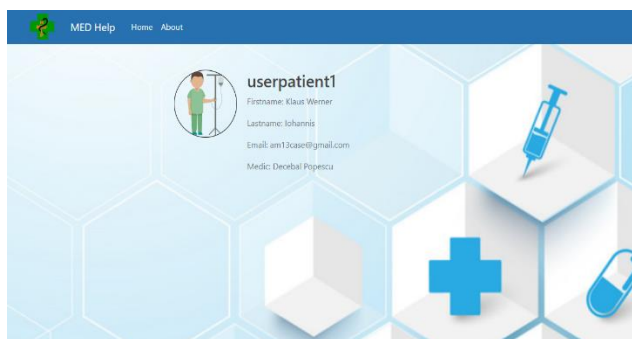

Exemplu de afișare profil pentru fiecare utilizator:

Profil admin

Profil medic

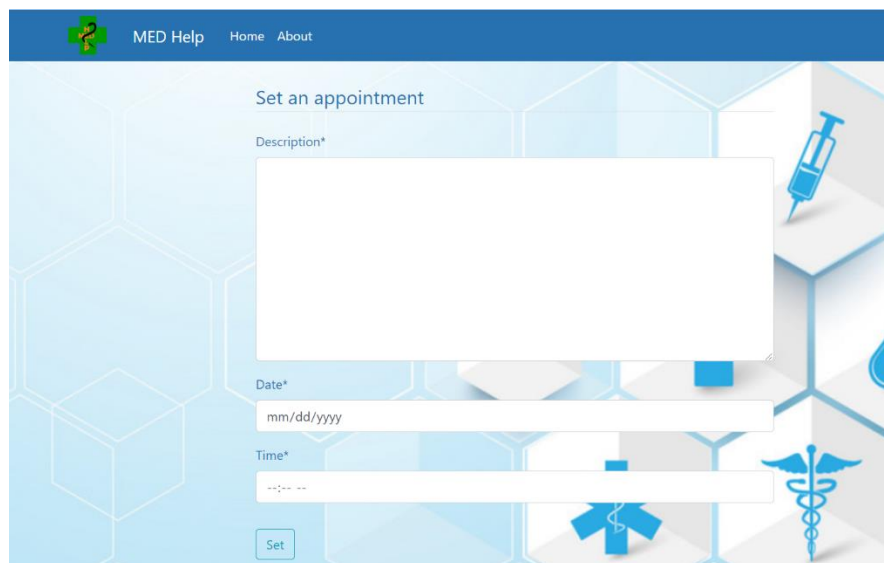

Profil pacient

Sistemul de programări.

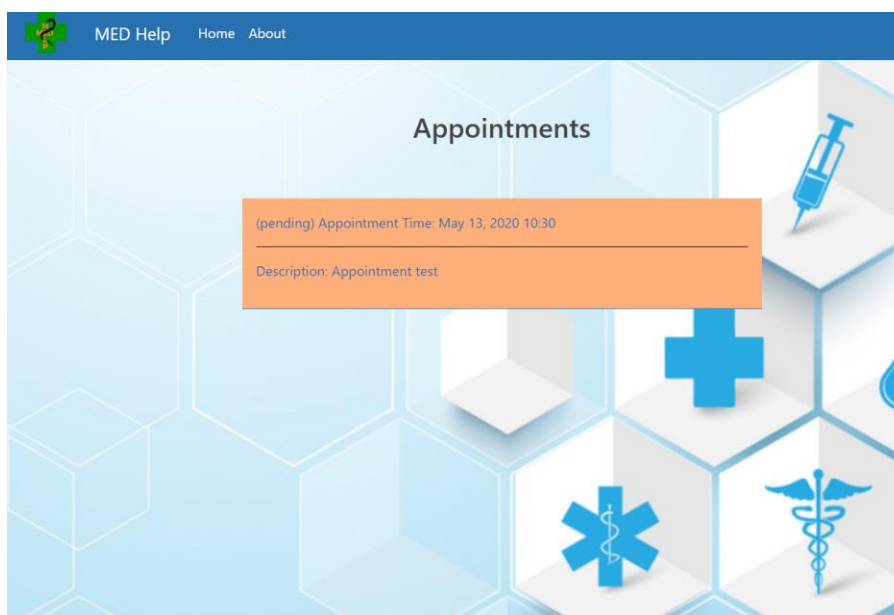

Sistemul de programări urmează următorul flow:

1. Pacientul face o cerere de programare

The screenshot shows a web interface for setting an appointment. At the top, there is a blue header bar with a green cross icon, the text 'MED Help', and links for 'Home' and 'About'. Below the header, the main content area has a light blue background with a hexagonal pattern. The title 'Set an appointment' is centered. Below the title, there is a form with three input fields: 'Description*' (a large text area), 'Date*' (a text field with a placeholder 'mm/dd/yyyy'), and 'Time*' (a text field with a placeholder 'mm/dd/yyyy'). A 'Set' button is located at the bottom left of the form. The background also features medical icons like a syringe, a plus sign, and a caduceus.

După acest pas pacientul poate observa în meniul 'My appointments' programarea sa care se află în starea pending.

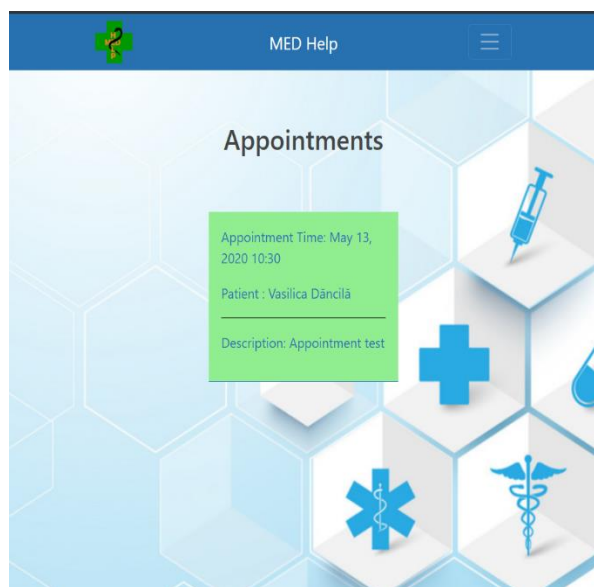

The screenshot shows the 'Appointments' section of the web interface. The header bar is the same as in the previous screenshot. The main content area has a light blue background with a hexagonal pattern. The title 'Appointments' is centered. Below the title, there is an orange box containing the text '(pending) Appointment Time: May 13, 2020 10:30' and 'Description: Appointment test'. The background also features medical icons like a syringe, a plus sign, and a caduceus.

2. Medicul poate observa în meniul 'Requests' că are o cerere de programare în așteptare și poate alege dacă să accepte sau să refuze această cerere.

3. Odată acceptată cererea de programare, atât medicului cât și pacientului îi este afișată în meniul 'My appointments' programarea proaspăt realizată.

3+. Exemplu de cerere de programare refuzată de către medic și afișată pentru pacient.

Echipa: 4ȚĂ

Sistemul de rețete.

Sistemul de rețete urmează următorul flow:

1. Medicul alege unul din pacienții săi dintr-o listă drop-down și introduce rețeta pe care acesta vrea sa o transmită pacientului.

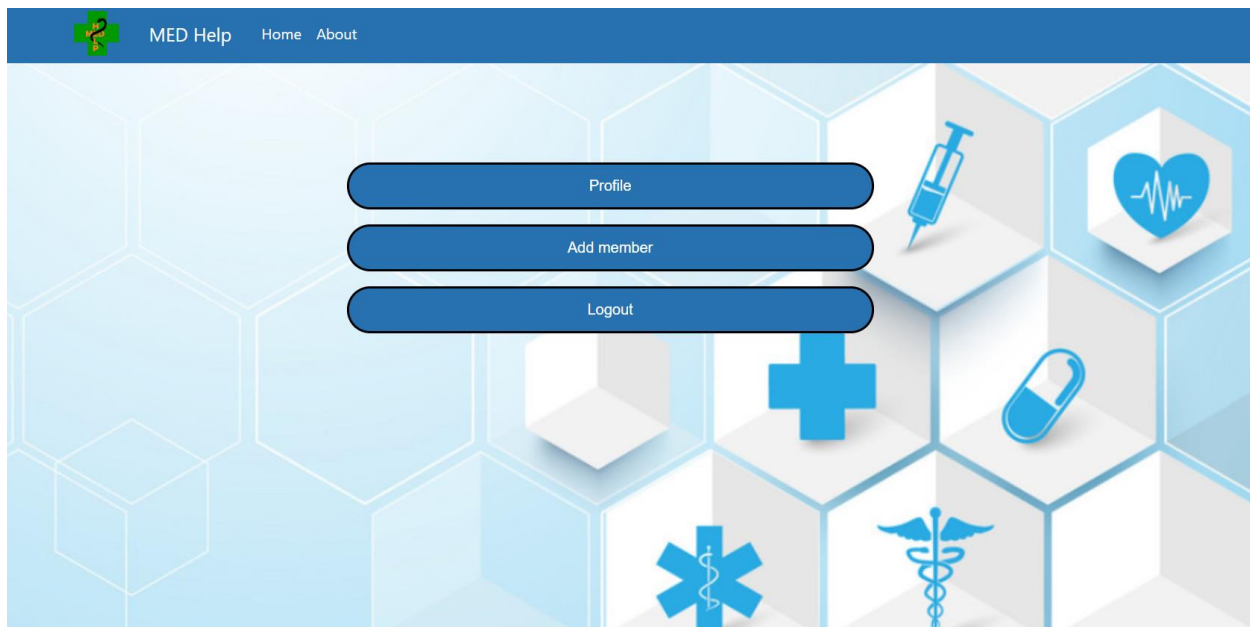

2. Pacientul poate vizualiza rețeta prescrisă de către medicul său de familie.

Adăugarea de noi membri de către admin:

A screenshot of the MED Help sign-up form. The header is a dark blue bar with a green cross logo on the left and the text "MED Help Home About" on the right. The main content area has a light blue background with a hexagonal pattern. The form consists of several input fields and a list of password requirements. The fields are labeled "Email address", "Medic code*", "Password*", "Password confirmation*", and "Type*". The "Email address" field contains "xxx@gmail.com". The "Medic code*" field contains "U2H3VBR32". The "Password*" field contains a series of dots. The "Password confirmation*" field contains a series of dots. Below the "Password*" field, there is a list of four password requirements. The "Type*" field is a dropdown menu with "Medic" selected. At the bottom left, there is a "Sign Up" button. At the bottom right, there is a link "Already Have An Account? Sign In".

Email address

xxx@gmail.com

Medic code*

U2H3VBR32

Password*

- Your password can't be too similar to your other personal information.
- Your password must contain at least 8 characters.
- Your password can't be a commonly used password.
- Your password can't be entirely numeric.

Password confirmation*

Enter the same password as before, for verification.

Type*

Medic
